

CURRICULUM VITAE

EDWARD S. KLIMA

Research Scientist and Adjunct Professor
Laboratory for Cognitive Neuroscience
The Salk Institute for Biological Studies
La Jolla, California 92037

Professor of Linguistics (Emeritus)
University of California, San Diego
La Jolla, California 92093

EDUCATION

Harvard University	Ph.D., Linguistics	1965
University of Paris and College de France	Linguistics	1955-1956
Harvard University	M.A., Linguistics	1955
University of Iceland	Linguistics	1953-1954
Dartmouth College	B.A., Linguistics	1953

HONORS AND AWARDS

Distinguished Scientific Contribution Award of the American Psychological Association for 1992, presented at APA in Toronto, Canada, 1993.

Most Outstanding Book in the Behavioral Sciences Award, 1979, Association of American Publishers, Professional and Scholarly Publishing Division, for The Signs of Language, Harvard University Press.

Theoretical Issues in Sign Language Research Meeting in Boston, 1990: "In Honor of Ursula Bellugi and Edward S. Klima."

Javits Neuroscience Investigator Award, National Institute of Neurological Diseases and Stroke, and Pepper Award, National Institute of Deafness and Communication Disorders: Co-Principal Investigator of Spatial Cognition and Spatial Language, NIH, 1985-1992.

MERIT Award, National Institute of Child Health and Human Development: Co-Principal Investigator of Language, Modality, and the Brain, NIH, 1988-1998.

ACADEMIC POSITIONS

University of California	Professor of Linguistics	1967-92
San Diego, CA	Department Chairman	1971-75
	Director, Center for Research in Language in Language Acquisition	1975-85

The Salk Institute for Biological Studies La Jolla, CA	Adjunct Professor Associate Director, Laboratory for Cognitive Neuroscience Visiting Professor, Summers	1992-present 1992-present 1973-1992
Consiglio Nazionale delle Ricerche Rome, Italy	Visiting Professor	1981
Rockefeller University New York City	Visiting Professor, Fall Semester	1969
Massachusetts Institute of Technology Cambridge, MA	Associate Professor, Linguistics Ass't. Professor, Modern Languages Instructor, Modern Languages	1965-67 1959-65 1957-59

PROFESSIONAL SERVICES

Editorial Board, Cognition: International Journal of Cognitive Psychology

Member, Board of Editorial Commentators of Current Commentaries in Behavioral and Brain Studies

Member, Visiting Advisory Committee of the Massachusetts Institute of Technology,
Cambridge, Massachusetts

Member, International Scientific Council of the Center of Comparative Poetics, Paris, France

Member, Review Committee for the Department of Linguistics of the University of Massachusetts

Lecture Coordinator for NATO Advanced Studies Institute--Recent Developments in Language and Cognition, Copenhagen, Denmark

SELECTED GRANTS

2001-2009 National Institutes of Health (NICHD). Co-Investigator. (P01 HD33113). Program Project. Williams Syndrome: Bridging Cognition, Brain and Gene.

1997-2002 National Institutes of Health (NIDCD). Neural Correlates of Lexical Processing — English and ASL (P50 DC03189). Co-Investigator, Project 2: Neural Systems Underlying Lexical Retrieval of ASL Signs.

1988-2004 MERIT Award (NICHD), Method for Extending Research in Time, Co-Investigator. (R37 HD13249) Language, Modality and the Brain.

1982-2007 National Institutes of Health (NIDCD). Co-Investigator (RO1 DC00201). Brain Organization: Clues from Sign Aphasia.

- 1979-1998 National Institutes of Health (NICHD). Co-Principal Investigator, Psycholinguistics of American Sign Language. Renewed and extended, 1988-1998, as MERIT Award, Language, Modality and the Brain.
- 1971-1996 National Institutes of Health (NINDS, NIDCD). Co-Principal Investigator (1971-1985), The Acquisition of Sign Language and Its Structure. Javits Neurosciences Investigator Award from NINDS, continued as Pepper Award, NIDCD. Renewed (1985-1996), as Spatial Cognition and Spatial Language.
- 1990-1995 National Institutes of Health (NICHD). Co-Principal Investigator, Fractionations between Language and Cognition.
- 1974-1992 National Science Foundation. Co-Principal Investigator (1974-1978), Formational Constraints on a Language in a Visual Mode. Continued (1978-1992), as The Structured Use of Space and Movement.
- 1991-1994 National Institutes of Health (NINDS). Co-Principal Investigator, Anatomical Substrates of Complex Behavior — Project 4: Anatomical Basis of Language.
- 1989-1990 National Science Foundation. Co-Principal Investigator, Dissociations between Language and Cognition: Evidence from a Neurodevelopmental Disorder.
